

A Praying Life

Topic #2: Praying like a Child

Question: What does the doctrine of Sonship or Adoption mean?

The Problem Defined: We know what Sonship is, we believe it, but we don't experience it.

Questions: What is a child like?

Prayer is Childlike: Children are Selfish, their attention spans are scattered, they ask in an uninhibited way, they pester, they act like their true selves.

Prayer is Relational: We don't use different language. We don't pray just for prayers sake, but we pray to engage with God.

Question: How can our prayers be more relational and childlike?
