

Mays in Prague

Reaching families for Christ

Baylor and Erin May (Leityn, Susanna) serve at the Christian International School of Prague (CISP) in the Czech Republic. CISP is a 1st – 12th grade school that provides biblical education for missionary kids, as well as for unbelieving students from all over the world. Baylor serves in the role of development manager for CISP, leading the school's effort to share the Gospel with more students and their families through the platform of education.
